

## Products for Creating Perfectly Preserved Blooms

Pricing Effective February 4, 2022

### PRE-TREATMENTS

#### SPRAY & DRY (Pre-Treatment)

New Improved Formula

918502	1 Quart (Dilutes 1 - 2)	\$ 42.50
918501	1 Gallon	\$149.95
918503	2.5 Gallon	\$359.75
918505	5 Gallon	\$680.00

Spray & Dry is a water based polymer system developed to stabilize shape and color while providing shatter resistance for **AIR-DRIED PRODUCTS**. Also works well for certain freeze-dried flowers.

#### QUICK DRY POLYSET (Pre-Treatment)

904502	1 Quart (Dilutes 1 - 2)	\$ 42.50
904501	1 Gallon	\$149.95
904525	2.5 Gallon	\$359.75
904505	5 Gallon	\$680.00

Quick Dry Polyset increases color stability, adds softness, and resists browning or dulling. Quick Dry Polyset is formulated with a large amount of polymers that cross-link as they cure, becoming very resistant to water re-absorption. **FAST DRYING. Eliminates the need to Post-Treat in some cases.**

#### ULTRA-WHITE (Pre-Treatment)

930502	1 Quart (Dilutes 1 - 2)	\$ 42.50
930501	1 Gallon	\$149.95
930503	2.5 Gallon	\$359.75
930505	5 Gallon	\$680.00

Ultra-White brightens white flowers. The Polymers increase the product's softness, durability, and water resistance.

#### SPECTRA-SET II (Bright Red, Coral, & Orange)

916506	1 Gallon Ready to Use (Does not need to be diluted with water)	\$ 54.75
916501	1 Gallon Concentrate (Dilutes 1 - 2)	\$149.95
916503	2.5 Gallon Concentrate (Dilutes 1 - 2)	\$359.75
916505	5 Gallon Concentrate (Dilutes 1 - 2)	\$680.00

Combines the color setting technology of Spectra-Set and the shatter resistance, durability, and water resistance of Polyset in a single pre-treatment. Use on Bright Red, Coral, & Orange flowers.

#### SPECTRA-SET III (Pink & Peach)

917506	1 Gallon Ready to Use (Does not need to be diluted with water)	\$ 54.75
917501	1 Gallon Concentrate (Dilutes 1 - 2)	\$149.95
917503	2.5 Gallon Concentrate (Dilutes 1 - 2)	\$359.75
917505	5 Gallon Concentrate (Dilutes 1 - 2)	\$680.00

Combines the color setting technology of Spectra-Set and the shatter-resistance, durability, and water resistance of Polyset in a single pre-treatment. Use on Pink and Peach flowers.

## OTHER PRODUCT

---

### VITA ONE-STEP

(HYDRATION FOR FRESH FLOWERS)

940001	Vita One-Step – 1 Quart 32 oz. Self Measuring Bottle	\$ 24.95
940004	Vita One-Step 1 Gallon Refill	\$ 59.95
940007	Vita One-Step (1 Case = 4 Gallons / Case)	\$216.00

A One-Step hydration and nutrition solution for Fresh Cut Flowers.

### INSECT GUARD

929080	Prozap Insect Guard (2.8 oz / 80 gram pkg.)	\$19.75
--------	--	---------

### SILICA GEL SAND PACKETS

923011	1 GRAM PACKETS / PACKED 100	\$17.50
923030	3 GRAM PACKETS / PACKED 100	\$24.00

Attach a 1 gram or 3 gram packet of Silica Sand Gel inside your Preserved Floral Designs to absorb moisture. Use in all your Keepsake Designs (i.e. Shadowboxes, Bubble Frames).

### SILICA GEL BEADS

924005	(Tiny - .5 mm – 1.00 mm) 5 Lbs.	\$ 39.95
924020	(Tiny - .5 mm – 1.00 mm) 20 Lbs. (1 Case = 4 Containers / 5 Lbs. each)	\$144.95

This Special Size of Silica Gel Beads is very helpful in drying Orchids and Mini Calla Lilies more efficiently in the freeze-drying process.

### ACRYLIC DOME SEALING TAPE – CLEAR

990001	Clear Vinyl Sealing Tape 1 Roll (1" x 36 yds)	\$ 8.75
990005	Clear Vinyl Sealing Tape 5 Rolls (1" x 36 yds. Each)	\$39.35

### ACRYLIC ORNAMENT SEALING TAPE – CLEAR

990008	Clear Vinyl Sealing Tape 1 Roll (1/4" x 36 yds. Each)	\$ 3.00
990009	Clear Vinyl Sealing Tape 5 Rolls (1/4" x 36 yds. Each)	\$13.75

### PRE-TREATMENT & POST TREATMENT GUIDE

100500	Guide to Treating Flowers	\$100.00
--------	---------------------------	----------

3 Ring Binder with 87 pages of Pre- & Post-Treating information for freeze drying botanicals.

## VACCUUM OIL AND LUBRICANT

---

### VACUUM PUMP OIL (Leybold, Edwards, Welch, Etc.)

FC2101	1 Gallon	\$ 49.45
FC2104	4 Gallons (1 Gal. x 4)	\$180.00

Distilled Vacuum Pump Oil. There are extra additives in this product designed to resist oxidation and decomposition, and helps remove entrained water.

### HIGH PERFORMANCE LUBRICANT

900500	1 Tube	\$59.95
--------	--------	---------

This Dow Corning lubricant effectively seals rubber gaskets. It is heat stable, inert, and resists most chemicals.

# POST TREATMENTS

---

## PLASTI DIP (Spray On)

920001	Clear – 1 Can	\$ 10.45
920006	Clear – 6 Cans (6 Cans @ 8.99 / Can)	\$ 59.35
920012	Clear – Case (12 Cans @ \$8.32 / Can)	\$109.75
930001	White – 1 Can	\$ 10.45
930006	White – 6 Cans (6 Cans @ 8.99 / Can)	\$ 59.35
930012	White – Case (12 Cans @ \$8.32 / Can)	\$109.75

Plasti Dip (Spray On) provides a thin, protective coating in a convenient aerosol spray can for sealing a variety of products.

## PRO-SEAL (Post Treatment)

925001	1 Quart (Concentrate)	\$ 42.50
925002	1 Gallon (Concentrate)	\$149.95
925503	2.5 Gallon (Concentrate)	\$359.75
925004	4 Gallon   4 – 1 Gallon Containers (Concentrate)	\$545.00
925005	5 Gallon (Concentrate)	\$680.00

Pro-Seal 2000 adds durability, softness, shatter resistance to all types of Dried Flowers. This Alcohol Based Post-Treatment can be applied by dipping or spraying. Pro-Seal 2000 provides a natural matte finish that is resistant to water vapor and Ultra-Violet Light. This product dilutes on a 1 part Pro-Seal to 1 ½ parts Denatured Alcohol Basis.
